Earlier printings of this chore were off a few years.
Even this version may also be off a year or so,
because only the Father knows the date.

will we really know.

2411	BC	1559	Y M	<p>Shem first year; died in 2158 YM, son of 600 years (Gen 5:32; with 11:10-11; 9:28-29; 7:6; note Gen 10:21) [Next]</p> <p>In Genesis 5:32 it says Noah “was was a son of five hundred years: and Noah begat Shem, Ham, and Japheth.” But Genesis 10:21 tells us that Japheth was “the elder” (see Hebrew text). Therefore, Genesis 5:32 does not give the chronological order that Noah had his three children. Genesis 11:10 informs us that Shem was a 100 years old two years after the flood, when he begot Arphaxad. From Genesis 7:6 we learn that Noah was 600 years old at the time of the Flood. This means that Shem was 98 years old at the Flood, and that Shem was 98 years old when Noah was 600. Therefore Shem was born when Noah was 502 (see <i>Chronology of the Old Testament</i>, by Martin Anstey, 1973, pp. 35-36 & page 16 of Ozanne’s <i>The First 7000 Years</i>).</p> <p>More Proof: The phrase “after the flood” doesn’t mean after the full duration of the flood, but after the <i>beginning</i> of the flood (compare Genesis 11:10 with Genesis 7:6; 9:28-29; 8:13). “Noah was 600 years old, and the flood of waters was on the earth” (Gen 7:6; see 7:10-11). “And Noah lived 350 years after the flood. And all the days of Noah were 950 years” (Gen 9:28-29). These verses tell us that Noah was 600 when the flood <i>began</i> and died 350 years “<i>after the flood</i>.” His total years being 950. This absolutely proves that “after the flood” means after the very beginning of the flood of waters. <i>If</i> “after the flood” meant after the full duration of the flood, then Noah would have been 951 years when he died, for the flood ended when Noah was 601 years (Gen 8:13). The order of Noah’s sons in Genesis 5:32 is not from the oldest to the youngest. The true order though can be ascertained from other scripture. Genesis 9:24 implies that Ham is Noah’s youngest son, and Genesis 10:21 speaks of “Japheth <i>the eldest</i>” (see Hebrew text). The order of birth, then, was Japheth, Shem, and Ham. Genesis 11:26 is similar: “And Terah lived seventy years, and begat Abram, Nahor, and Haran.” By this it does not mean that Abram was the eldest, for Abram was born when Terah was 130 years old as we shall see below. “In Genesis 5:32 and 11:26, therefore, the most important son is put first, and in neither case was he the eldest” (<i>The First 7000 Years</i>, p. 16). “Similarly Isaac is placed before Ishmael in 1 Chron. 1:28, ‘The sons of Abraham, Isaac and Ishmael,’ though Isaac was not the older, but the younger of the two” (Anstey, p. 36).</p>	<p>³² Noah was five hundred years old, and Noah became the father of Shem, Ham, and Japheth. (Gen 5:32 BCB)</p> <p>¹⁰ These are [the records of] the generations of Shem. Shem was one hundred years old, and became the father of Arpachshad two years after the flood; ¹¹ and Shem lived five hundred years after he became the father of Arpachshad, and he had [other] sons and daughters. (Gen 11:10-11 BCB)</p> <p>²⁸ Noah lived three hundred and fifty years after the flood.</p> <p>²⁹ So all the days of Noah were nine hundred and fifty years, and he died. (Gen 9:28-29 BCB)</p> <p>⁶ Now Noah was six hundred years old when the flood of water came upon the earth. (Gen 7:6 BCB)</p> <p>²¹ Also to Shem, the father of all the children of Eber, [and] the older brother of Japheth, children were born. (Gen 10:21 BCB)</p>	1 of 98 S h e m

2314	BC	1656	Y M	<p>Flood (1656-1657) 2nd month</p> <p>The Flood began in the 17th day, 2nd month of the 1656th Year of Man and lasted until the 27th day, 2nd month of the year 1657 YM. (Gen 7:6, 11-14; see under "Shem")</p> <p>Scripture here indicates 30 day months. In the 17th day of the 2nd month the flood started. On this day "the fountains of the great deep" were "broken up, and the windows of heaven were opened. And rain was upon the earth forty days and forty nights" (Gen 7:11b-12). The rain and the water from "the fountains of the great deep" caused the water to cover the mountains by 15 cubits (7:20). These pre-Flood mountains were smaller than now and the oceans were much smaller: the effects of the flood catastrophe caused the mountains to rise and the valleys to fall (Psa 104:8, NASB & Hebrew text). "And the waters are mighty on the earth a hundred and fifty days" (7:24, Young's <i>Literal Trans.</i>, see Heb. text). The waters were on or over the earth for a total of 150 days. But before these 150 days ended, "the fountains also of the deep and the windows of heaven were stopped, and the rain from heaven was restrained" (8:2). At the end of these 150 days the waters had receded enough so that the ark was able to rest on the mountains of Ararat (8:3-4). This day was "in the seventh month, on the seventeenth day of the month" (8:4). Thus, from the 17 day of the 2nd month to the 17th day of the 7th month is exactly five months and a total of 150 days. This indicates that each month had 30 days. Unlike today's Jewish Calendar with alternating 30 day and 29 day months, the months of Noah's time had 30 days. From the 17th day of the 2nd month in the 600th year of Noah (1656 YM) until the 27th day of the 2nd month in the 601st year of Noah is 370 days with 30 day months. There is no reason not to believe that at the time of the flood the year was 360 days long. The flood or other natural catastrophes could have changed the time of orbit for the earth around the sun (see CP3 under "Astronomical Chaos"). There is other evidence of 360 day calendars in ancient times. (Budge, <i>The Book of the Kings of Egypt</i>, Vol 1, p XLV ff; Budge, <i>The Gods of the Egyptians</i> Vol 2 p. 186; A.T. Olmstead <i>History of the Persian Empire</i>, p.209; Velikovsky, <i>Worlds in Collision</i>, Part II, Chapter 8)</p> <p>There is a theory that the flood lasted one solar year (365 days) and that the present Jewish calendar fits the scriptural evidence. But this theory misplaces the 150th day until after the ark rested (see William G. Lowe's, "Discovering the Calendar of the Creation," in <i>Science and Scripture</i>, Sept-Oct, 1971). This is impossible since the waters were prevailing on the earth for the 150 days and it was only "after the end of the hundred and fifty days that the waters abated" enough for the ark to rest on the land (Gen 7:24; 8:3-4). At the beginning of the flood the fountains of water of the great deep, the "windows of heaven," and the rain of 40 days flooded the earth until the waters were 15 cubits over the mountains (Gen 7:11-12, 17-20). But sometime after the 40 days "the water receded steadily from the earth. At the end of the hundred and fifty days the water had gone down." (Gen 8:3, NIV; see Heb text) It was only after the 150 days that it was possible for the ark to rest on the earth. See "Flood Chart."</p>	<p>⁶ Now Noah was six hundred years old when the flood of water came upon the earth.</p> <p>⁷ Then Noah and his sons and his wife and his son's wives with him entered the ark because of the water of the flood. (Gen 7:6-7 BCB)</p> <p>¹¹ In the six hundredth year of Noah's life, in the second month, on the seventeenth day of the month, on the same day all the fountains of the great deep burst open, and the floodgates of the sky were opened. [9:29]</p> <p>¹² The rain fell upon the earth for forty days and forty nights.</p> <p>¹³ On the very same day Noah and Shem and Ham and Japheth, the sons of Noah, and Noah's wife and the three wives of his sons with them, entered the ark,</p> <p>¹⁴ they and every beast after its kind, and all the cattle after their kind, and every creeping thing that creeps on the earth after its kind, and every bird after its kind, all sorts of birds. (Gen 7:11-14 BCB)</p> <p>Methuselah died son of 969 years (b. 688)</p>	98	S H E M i s

1857	BC	2113	Y M	<p>When the 400 of Affliction started for Abraham and his offspring (Israel) Isaac grew up and was weaned on his birthday (about 4 years old) (Gen 21:8). And Sarah [mother of Isaac] saw the son of Hagar, the Egyptian," mocking Issac (Gen 21:9) – a mild beginning for the affliction.</p> <p>The 400 years of affliction begins for Abram's seed (Gen 15:13; Acts 7:6) Genesis 15:13 speaks of Abram's seed ("thy seed") being <i>strangers</i> in a land that is not for them, that Abraham's seed would serve them of this land, and that the people of this land would afflict the seed for 400 years (see Hebrew text). Notice that it was the affliction that would last for 400 years, not the slavery.</p> <p>400 years ended at the Exodus. In Genesis 15:14 it identifies the nation that the Seed would serve or be in slavery to, and that God would judge this nation. After this judgment the Seed would come out with great substance. In context this nation can only be Egypt (note Ex 6:6-7; 12:36; etc). It so happened that the beginning of the affliction of 400 years was caused by a son (Ishmael) of an <i>Egyptian</i> woman.</p> <p>When 400 Years Began. The 400 years of affliction for the Seed of Abraham began in the year of Isaac's feast when he was weaned. At that time Isaac was mocked or persecuted [Gal 4:29] by "the son [Ishmael] of Hagar the <i>Egyptian</i>" (Gen 21:8-9; Gal 4:29). It was also at that time that God said: "for in Isaac shall your [Abraham's] <i>seed</i> be called" (Gen 21:12; 17:19; Gal 4:28; see "Seed Paper" [PP1]). Sarah breastfed Isaac for 4 full years (or 5 inclusive counting years) in celebration because it took her so long to conceive (90 years). 105- Abraham</p>	<p>Isaac's 5th year inclusive count since he was born on the 1st day of the year</p> <p>Fourth Generation. In Genesis 15:16 it speaks of "the fourth generation" coming to the land of Canaan again. The fourth generation that returned to Canaan was that of Joseph and his brothers who returned to the land of Canaan to bury Jacob (Gen 50:1-13). The first generation was Abram; the second was Isaac; the third was Jacob; and the fourth was Joseph and his brothers.</p>	31 of 430	1 of 400	5

1458	BC	2512	Y M	80 - Moses	Exodus This year began the 40 years of wandering for Israel; First of 480 years from the Exodus to Solomon's 4th year of his reign. (1 Kings 6:1) Notice: Because it is impossible to figure the chronology during the following years from shortly after Israel came into their Promised Land until the fourth year of Solomon we use the following scripture which breaches the gap: 1 Kings 6:1: "And it came to pass in the four hundred and eightieth year after the children of Israel came out of the land of Egypt, in the fourth year of Solomon's reign over Israel, in the month Zif, which is the second month, that he [Solomon] began to build the house of the Becoming-One." Click here to go to the 480th year. Note: Israel entered Egypt with about 70 souls and left about 214 years later with about 70,000 by doubling their numbers each 20 years, 3.5% each year, a very high rate. 856	BC	3114	Y M	1 Ahaziah ³ king of Judah first year as solo king [1] Jehoram's legal rule over Judah did not end until he died in his second year of illness (2 Chr 21:18-20), which was in his 8 th year of rule. The inhabitants of Jerusalem made Ahaziah king in Jehoram of Israel's 11 th year (2 Chr 22:1 with 2 Kings 9:29). But his official year of reign, according to Judah's method also included part of the 12 th year of Jehoram of Israel (see 2 Kings 8:25-26). Ahaziah became king after he was a 42 year "son" of Omri's ruling house (see endnotes and 3 rd column to the right for the count). His mother was a daughter of Omri, king of Israel.	11 - Jehoram king of Israel	563 of 735		157 of 390
855	BC	3115	Y M	1 - Athaliah Queen of Judah first illegal year [6] Athaliah is the mother of Ahaziah kills all the royal seed, or so she thought (2 Kings 11:1). But Joash, a son of Ahaziah, was safely hidden from Athaliah for 6 years (2 Kings 11:2-3; 2 Chr 22:12). Queen Athaliah rules Judah for the six years when Joash was <i>hidden</i> (2 Chr 22:12; 2 Kings 11:3). Thus Athaliah took the kingdom and reigned as queen, "Athaliah did reign over the land" (2 Kings 11:3; 2 Chr 22:12). (This year counted as Joash first year, since Athaliah illegally usurped the kingdom.)	12 - Jehoram king of Israel This regnal year began 6 months prior to the regnal year in Judah. ----- 1- Jehu [28] killed Jehoram (Israel's king) and killed Ahaziah (Judah's king) (2 Chron 22:7-9; 2 Kings 9:21-28) because he was related to Omri and he killed all the house of Ahab, then he became king of Israel and tried to reform Israel. He changes the regnal year back to fall to fall and begins to use the accession year method.	564		158

849	BC	3121	Y M	7 Joash king of Judah reigns [40] Athaliah was killed (2 Chr 23:1-15). Joash was a son of 7 years after the 6 years of hiding when he began to reign in the 7 th year of Jehu of Israel (2 Chr 24:1; 2 Kings 11:21; 12:1). This means that Joash was but a very young child when queen Athaliah killed the rest of the royal seed (cf. "His nurse," in 2 Kings 11:2 & 2 Chr 22:11). Jehoiada the priest instructed Joash (Jehoash) in his early years of reign (2 Kings 12:2).	7	570 of 735		164 of 390

789	BC	3181	Y M	Interregnum Period? Starting in Jeroboam king of Israel II's 16 th year The Bible fails to tell us who ruled or judged Judah during this period (3181-3191 YM), or if there was an interregnum, or a catastrophe. Nevertheless, the count of years is not lost since Jeroboam II of Israel had a continuous reign through this period, and the count of year of mankind for this period is found by comparing both the reigns of Judah and Israel.	16 - Jeroboam II king of Israel	630 of 735		224 of 390
788	BC	3182	Y M	Catastrophes: Sometime in this period of Uzziah and Jeroboam's rule there was a great "earthquake" and other wide catastrophes (Amos 1:1; Zech 14:5; see in CP3, "Astronomical Chaos"). This may or may not account for the apparent interregnum periods.	17	631		225

This may or may not account for the apparent interregnum periods.	26 - Jeroboam II king of Israel	640		234
778	BC	3192	Y M	1 - Uzziah (Azariah) first year as king of Judah [52] He may have reigned in some way after Amaziah's death (2 Chr 26:3; 25:25-28; 26:1; 2 Kings 15:1-4). But his reign was not counted until Jeroboam's 27 th year. He began his official reign when he was 16 years old (2 Chr 26:3) in 3188 YM. But the count of years of man is not lost because Jeroboam of Israel reigned continuously throughout this period. Because of 2 Chron 25:28 & 26:1, it is uncertain if there was an interregnum period between Amaziah of Judah and Uzziah (Azariah) of Judah.	27	641 of 735		235 of 390

695	BC	3275	Y M	3 - Hezekiah 1 - Manasseh [55] begins his co-reign at 12 years old as a son of Hezekiah (2 Kings 21:1; 20:21). Since Hezekiah was 25 years old when he started his co-rule with king Ahaz, then Hezekiah must have been approximately 15 years old when Manasseh was born. The difference between this chronology of the Bible and others is that we have Manasseh co-ruling with his father at an early age because Hezekiah wanted his offspring to be the next king of Judah in case the kings of Assyria came and killed him in battle. Assyria was causing havoc in the region. The dynasty and heritage of Judah and the promises to David were at stake. Judah's co-king method	5 - Hoshea	724	1	318

					Sennacherib co-king of Assyria (w/ Sargon) during this time came up against all the fortified cities of the kingdom and land of Judah (2 Kings 18:13; Isa 36:1-2). This a a part of Sennacherib's 3 rd campaign (Luckenbill, vol 2, p. 120). The king of Assyria, sent a great army against Jerusalem (2 Kings 18:16-17)			
685	BC	3285	Y M	13 - Hezekiah 11 - Manasseh (co-reign)	There were multiple kings of Assyria who came against Judah during this era of war. Apparently Sennacherib was a co-king, while Sargon was the head king. There were kingS of Assyria attacking the lands (2Kings 19:11). These events did not occur in 701BC, but in 689-688BC, as we show in this chronology, so you cannot use contemporary dates.	734	11	328 of 390
					18 Yr of Sargon Sennacherib (co-king) unable to conquer Jerusalem returns to Nineveh in Assyria. After his father's death, he became solo king.			
684	BC	3286	Y M	14th yr Hezekiah 12 - Manasseh (co-reign) Sennacherib , king of Assyria, came against Judah (2 Kings 18:13). This was the year before the Jubilee as implied by 2 Kings 19:29 (see Lev 25:8-10, 20-22, 2-5). Note: the "this year" of 2 Kings 19:29 is the 7 th year of the 7 th cycle of 7 years. This year was Hezekiah's 14 th year (cf. 2 Kings 19:29 with 2 Kings 18:13) The "second year" is the 8 th year of Lev 25:22, which is the Jubilee year, and the "third year" is the 9 th year of Lev 25:22). This 14 th year occurred after a count of 15 seven sevens of years from the time Israel first went into the promised land. See 2552 YM is 1 of 735 years. In this year Sennacherib's army is destroyed (2 Ki 19:35) and the sign of the LONG DAY occurred (2 Ki 20:1-11; Isa 38:6-8). These two events may be interrelated. This is another sign of Astronomical Chaos (Velikovsky, <i>Worlds in Collision</i> , Part II Chapter 2; <i>Chronology Papers</i> , CP3).	Sometime later Sennacherib was then killed by his sons, Adrammelech and Sharezer (2 Kings 19:36-37); and Sennacherib's son Esarhaddon became king.	735	12	329
					At this time we cannot determine from the Bible and secular evidence when Sennacherib was killed and when Esarhaddon became King in Assyria.	15 th 49 yr c y c l e e n d s

683	BC	3287	Y M	15th Hezekiah This was a Jubilee year 13 - Manasseh (co-reign) The <i>count</i> of the Jubilee years and the Sabbatical rest of the land began for Israel only <i>after</i> they came into the land in 2551 YM (Lev 25:2). This count began only <i>after</i> they planted their first crop in 2552 YM. (cf. Lev 25:2ff w/ Josh 5:12; 24:13). From this first planting in 2552 YM you count 15 cycles of 49 years to 3286 YM for a total of 735 years (inclusive counting). Thus, the next year in 3287 YM is the 50th year or the Jubilee of the 15th cycle of 49 years after Israel came into the land. First of 15 added years to Hezekiah's reign. (2 Kings 20:6) This was a Jubilee year With the information under 3286 YM, the year 3287 was a Jubilee year (2 Ki 19:29 [cf. Lev 25:20-22, see "God's Appointed Times"]; 2 Kings 18:13 — indicates 2 Ki 19:29 was the 14th year of Hezekiah; 20:5-6 — indicates that Hezekiah would live for 15 more years; & 18:2 — indicates Hezekiah thus ruled for 29 years [14 + 15 = 29 years]).			13	330

597	BC	3373	Y M	11 Jehoiakim/ Jehoiachin Jehoiakim dies At the very last part of the 7th year of Nebuchadnezzar (his 7th regnal year started 6 months prior to Jehoiakim's 11 th year and continued into the first 6 months of Jehoiakim's 11th), in Jehoiakim's 11th year, Jehoiakim died and his body was cast outside the gates of Jerusalem, but afterward buried (Jer 22:18-19; 36:30; 2 Kings 23:36-24:6). After Jehoiakim died in his 11th year, then Jehoiachin reigned for 3 months and 10 days (2 Chr 36:9). Note: Concerning his age, Jehoiachin was 18 years old ("son of 18 years") when he began to reign (2 Kings 24:8); not 8 years old ("son of 8 years") (2 Chron 36:9). But he was a "son" of 8 years under the influence of Nebuchadnezzar because the last half of the 11th year of Jehoiakim, was also the 8th year since Nebuchadnezzar's first assault on Jerusalem (Dan 1:1-6; 2 Chr 6-7). "And Jehoiachin the king of Judah went out to the king of Babylon, he, and his mother, and his servants, and his princes, and his officers: and the king of Babylon took him in the eighth year of his reign" (Kings 24:12), which is the last half of Jehoiakim's 11 th year. 568	BC	3402	Y M	Absolute BC/AD Date see text		37- Nebuchadnezzar Absolute Date in the 37th year of Nebuchadnezzar there is evidence from the astronomical cuneiform tablet VAT 4956 that the 37th year was from 568 to 567 BC (see CP3 for details). This is our connection between the Christian Era (BC-AD) system and the Year of Man (YM) system. Year 41 of the 70 years		41

Herod died shortly before this Passover. "So Herod, having survived the slaughter of his son five days, died, having reigned thirty-four years since he had caused Antigonus to be slain, and obtained his kingdom; but thirty-seven years since he had been made king by the Romans" (Josephus, <i>Wars of the Jews</i>, Bk. 1, Chap 33, para. 8).</p>	<p>Jesus was either ½ year old (Sept-Oct to March) at the time of the eclipse or 1 ½ years old as we count years. What Luke 3:23 means "Jesus was <i>about</i> 30 years" when his ministry started depending on how they counted years at that time. 28	A D	3997	Y M	30 - Jehoshua (Jesus) was water baptized when he was about 30. This year began in Sep/Oct. 27 AD. This year began after 69 weeks of years (Dan 9:24-25). There is the last week of years of the "seventy weeks" prophecy. During the last week "shall Messiah be cut off" (v. 26), and "in the middle of the week, he shall cause the sacrifice and the offering will cease" (v. 27). This prophecy was cut off after the first half of the 70th week. The last half of the last week will occur in the 1260 days (42 months) mentioned in the book of Daniel and Revelation, which is the last 3 ½ years of the old age. Read our <i>Prophecy Papers</i> for more info.	First year of the 70 th week of years (7 years) of Daniel's prophecy Beginning of the 70th week of years of Daniel's prophecy. 31	A D	4000	Y M	33 - Jehoshua (Jesus) Crucified at 33 ½ yrs (in his 33 th year) on a Passover, on 14 th of Nisan/Abib, on April 27 Julian date. 4th millennium ends The week of 7 days previewed and predicted the week of seven millenniums. To God a day is like a 1000 years (Psa 90:4; 2 Pet 3:8; Rev 20:2, 3, 4, 5, 6, 7) The 1000 years in the book of Revelation is in the seventh millennium. The 7 days of the week is a type of the antitype week of millenniums. Christ died at the end of the 4 th day of the week (Wednesday); Christ died at the end of the 4 th millennium. This is type and antitype.	Last ½ year of the 3 ½ years This prophecy was cut off in the middle of a week of days (Wednesday) and also in the middle of the last week of years (Type and antitype). The last half of the last week of years will occur in the 1260 days (42 months) mentioned in the book of Revelation.

To understand better the above table you must read our book called the, *6000 Years of Mankind*, published in 2024 as the sixth edition of the *Chronology Papers*.

10 to 7

1290 days; 1260 days

Following taken from the *Prophecy Papers*:

1290 Days [10 Nations to 7]

pr183» The “abomination” is the *individual* Beast or the *system* of the Beast. And according to Daniel 12:11 it is set up 1290 days from (away from) when the daily sacrifice is taken away. The real daily sacrifice is taken away at Christ’s return. Since the abomination cannot be “set up” *after* Christ returns, then it is set up *before* Christ returns. It is set up *before* Christ’s physical return. It is set up (or given or bestowed on the world) 1290 days *from* when the daily sacrifice is taken away, or from before the time of Christ’s return. (It is the abomination or detestable thing that destroys that is set up on the 1290th day before Christ’s return.)

pr184» But we have seen [in the *Prophecy Papers*] that for 1260 days the Beast of Revelation will rule before Christ returns, and that this Beast will be of seven nations. Therefore it is the ten nations, or a first end-of-the-age Beast that will be set up 1290 days before Christ physically returns. And it will exist for 30 days as ten nations with one mind (Rev 17:13). This is the “one hour” (a short period of time) that the ten nations will be together. But these nations’ power goes to “the horn that looked more imposing than the others and that had eyes and a mouth that spoke boastfully” and the seven-member league (Dan 7:20, NIV). This leader takes control through his deceit and craftiness (Dan 7:23-25) 1260 days before Christ returns, as explained in PR2 & 3 (“Beast Papers”). Thus, the ten-nation league will rule for 30 days, *from* the 1290th day before Christ physically returns to the 1260th day before Christ returns. This “**backward count**” of the 1290 days is not an unusual method of counting. For example, the Greeks and Romans counted days in their month backward at times:

“In this [Grecian] system, the count in the last decade [of the month] was backwards, i.e., counting from high to low towards the end of the month ... ”
(*Greek and Roman Chronology*, P. 60).

“The designation of the days within the month was made by a peculiarly Roman system. The first day of the month was called Kalendae, the 5th (or 7th in a 31 day month), was called the Nonae, and the 13th (or 15th in a 31 day month) was called the *Idus*. These are the named days, and other days in the month were designated by counting back from these named days, counting inclusively”
(*Greek and Roman Chronology*, p. 154).

End Notes

1. The years for the Patriarchs always began on the first new moon in the Fall (Sept/Oct) in memory of the creation of man.

* In the Bible the time of the Babylonian division of mankind is only approximate since the scriptures are vague to the exact chronological time frame. We only give our time frame as an example.

3. In 2 Kings 8:26-27 it says Ahaziah of Judah was a “son of 22 years” (see Hebrew text) when he began to reign, thus, he was 22 years old when he began to reign. But in 2 Chron 22:2 it says Ahaziah is a “son of 42 years” (see Hebrew text). Now Ahaziah’s mother Athaliah was the daughter of Omri, King of Israel (2 Kings 8:26; 2 Chr 22:2-3). This means that Ahaziah was a son of Omri’s house, which at that time (the beginning of 3114 YM) was 42 years old. Omri’s rule began in 3072 YM. You add 42 years and you come to 3114 YM. This year was when Ahaziah’s began to reign after Jehoram’s death. The Hebrew word *ben* (Strong’s #1121), has a broad meaning in Hebrew: meaning sometimes a literal “son” or sometimes also a grandson, a subject, a quality or condition, etc.’

4. Note that although 2 Kings 15:30 speaks of Jotham’s 20th year, we know that Pekah died in his 20th year since he ruled only 20 years (2 Kings 15:27). Therefore Pekah was killed in his 20th year and Hoshea began his reign in *what would have been* Jotham’s 20th year, if he was still king, or that is, Hoshea began to reign in the *20th* year of the house of Jotham. Hoshea did not co-reign with Pekah, because he killed Pekah so he could rule, thus Hoshea’s first year of reign began after Pekah’s last year (accessional year method).
